DRAWING---ARCHITECTURAL and MECHANICAL.—As this is the season for young mechanics and others to apply themselves to the attainment of the greatest aid to the eminence in their various pursuits, viz:—a thorough knowledge of Geometrical Drawing.

We would call their attention to "Minifie's Text Book of Self-instruction," being a complete manual of Mechanical Drawing, including Geometrical Drawing and Perspective, illustrated with 56 steel plates, and explained in a familiar manner, rendering the attainment of the art easy and agreeable.

From the New York Scientific American.

"It is the best work on Drawing that we have ever seen; no young Mechanic such as a Machinist, Engineer, Cabinet Maker, Millwright or Carpenter, should be without it."

From the Baltimore Western Continent.

"He, who having thoroughly mastered this book, cannot make any of the ordinary drawings of this kind, may well despair of ever being able to accomplish such a result.

From the National Intelligencer.

"Indeed, one who patiently and carefully goes through it could not be said, so far as principles and methods are concerned, any longer to want a master."

From the American Railroad Journal.

"It is commended to those best qualified to judge of its merits, as being the most thorough and complete work of the kind ever published in this country."

"It has received universal commendation from the press, and we believe that it merits all that has been said in its praise. Price $2,00.

PARTICULAR NOTICE.

We will forward a copy of the above work free of expence, to any part of the Union, on the receipt of three dollars, which may be sent per mail at our expense.

W. M. & Co. have also published an abridged edition of the above work for the use of Schools, containing all the principles that are contained in the large work, illustrated with 48 steel plates.—Price $1,25. Published and for sale by

GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, billiousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.
T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.
L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.
M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

DR. CORBET'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

It is a undeniable fact that no medicine ever brought before the public, has proved so beneficial in cases of diseased Blood, Liver Obstruction, Scrofulous Taint, Consumptive Habit, and all cutaneous affections, as that of Dr. Corbet's!—The distinguished Prof. Hayes says:—"It ought to have a preference, as the formula exhibits the union of some of the best of our native medicinal roots and plants with substances of the highest repute as remedial agents, and does not include any *Metallic Compound*.

But read what Druggists say, whose well known characters give full assurity to its virtues.

"The Compound Concentrated Syrup of Sarsaparilla, made by the United Society of Canterbury, is prepared with great care, and the increasing demand for it is positive proof of its good effects. It is now prescribed by most of the Physicians in Boston and elsewhere, which is the best evidence that they give it a preference over any other preparation of Sarsaparilla offered to the public.

"Since its introduction, its reputation has been constantly increasing, and its popularity extending in every direction, being recommended by most distinguished physicians.

TRANSATLANTIC PACKAGE EXPRESS AND GENERAL EUROPEAN AGENCY.—The undersigned give notice that they have completed their arrangements in this country and in Europe for facilitating the TRANSMISSION of MERCHANDIZE of every description, in large or small Parcels, (including sample packages,) between the VARIOUS EXPRESS OFFICES IN THE U. STATES, and all parts of Great Britain, France and other places on the Continent.

One of the members of the house has recently returned from England where he has made a permanent arrangement with the eminent forwarding establishment of Messrs. CHAPLIN & HORNE, who will receive all goods for distribution in Europe, and promptly deliver them at their many agencies. Our connexion with this extensive house give us facilities not heretofore enjoyed by any other parties.

CHAPLIN & HORNE being also the exclusive Agents in England for the Messageries Nationals of France, we have peculiar advantages for forwarding parcels through to France and other parts of the Continent.

Our houses at London and Liverpool will attend to the collection of accounts, and other business of a confidential nature in any part of the Kingdom, and with the assistance of several legal friends, will give special attention to all documents requiring attestation or other action.

We have authority to draw on the PROVINCIAL BANK OF IRELAND, and all its branches, and are prepared to furnish drafts for the convenience of our customers.

On the reception of goods or parcels in this country, they will be forwarded without delay to their destinations—those out of the city by the earliest Expresses.

Persons at a distance desiring to make shipments to England or the Continent, either by steamers or packet-ships, can leave their goods, or orders, at any of the offices of ADAMS & CO., and GREENE & CO., in the United States, who will receive and promptly forward them to us.

Our friends who may wish to visit Europe, and who desire INTRODUCTIONS in places where they may be strangers, will receive every accommodation from ourselves and our agents.

All who may be disposed to favor us with the shipping of their goods from England to America, will oblige us by directing their correspondents abroad to order such goods to be given in charge of CHAPLIN & HORNE (who have branches in every principal town in the Kingdom) "care of Edwards, Hale & CO., Liverpool," or "London."

☞ All Parcels from this country should be marked—"TRANS-ATLANTIC PACKAGE EXPRESS," care of EDWARDS, HALE & CO.

OFFICES—IN AMERICA—New York, No. 10 Wall street; Philadelphia, 80 Chestnut street, and all the other places of business of Adams & CO., and Greene & Co., in the United States. IN EUROPE—Liverpool, 2 Columbia building, London, (Chaplin & Horne's) Gresham street,—and all other offices and agencies of CHAPLIN & HORNE, throughout the kingdom and in France.

READ THE FOLLOWING REMARKABLE CURE EFFECTED BY DR. CORBETT'S HIGHLY CONCENTRATED SYRUP OF SARSAPARILLA.

[From Sophronia W. Badger, wife of Stephen C. Badger, Esq., for many years Clerk of Court of Common Pleas, Merrimack County, N. H.]

"For a number of years past I have been afflicted with Salt Rheum, Dyspepsia, General Debility, and Scrofulous Affections. About fifteen months since, I commenced taking Corbett's Shakers' Sarsaparilla Syrup, and soon realized great benefit therefrom. It is the first medicine I ever found that permanently helped me, and I find that my health and strength are very much improved. I believe this an invaluable remedy for Scrofulous disorders, and most cordially recommend it to all who are afflicted, as I have been. My general health is now good, and I attribute my recovery solely to the Shaker Syrup.

ANOTHER PHYSICIAN'S TESTIMONY.

Mr. Fowle—Dear Sir: I could send you a *dozen* certificates, *strong* and *decisive*, of the really *sanative* effects of *your valuable Balsam of Wild Cherry*, within the past twelve months, under my own supervision and direction. Indeed, I know of few persons who have used it, comparatively, but commend it in the strongest terms. *A case of Asthma*, the *severest I ever saw*, to which I was called a month ago, evinced the *superiority* of the *Balsam*. This disease lasted six weeks, and the dyspnœa and suffering were *dreadful*; he sat up every night.—The gentleman told me to give him something to last him home, (21 miles,) so that he might see his wife and child, and die in peace! I gave him one bottle of the Balsam, and four ounces of syrup squills, directing him to take tea-spoonful doses of best Bordeaux olive oil, when the difficulty of breathing was greatest. Next day I found his despondent will, and *made him* take six bottles of *Wistar's Balsam of Wild Cherry* home with him *as a present*, he having alleged that he had used so much expensive medicine to no profit. Last week Mr. A. called and *expressed his gratitude* to me in the *warmest manner, said the medicine had saved his life*, paid his *whole* bill, and took six bottles more, and left my office for home, *rejoicing*.
Very respectfully yours,

PROCASTINATION IS THE THIEF OF TIME.

Delay is dangerous—neglect that *cold* and *cough* a *few weeks*, and the *hope of recovery* will be *lost* to you for ever. Let not any pecuniary condition deter you from *trying* to save your *life* and *health* while there is a chance. *Consumption* is annually sweeping off thousands to the tomb; *no disease* has baffled the skill of *physicians* like it: *no physician*, perhaps, has ever done *more* for this large class of suffering humanity, than Dr. Wistar.—An "ounce of preventative is worth a pound of cure;" therefore, before your lungs become ulcerated, and *so diseased* that no human means can save you from an early grave, *try in season*, try at *once*, a medicine which has been of such infinite value to thousands—obtain a bottle of *Dr. Wistar's Balsam of Wild Cherry*, take it, get another if necessary, *persevere* in using it until you have *removed the disease entirely*, which if *neglected* will terminate your life. Be not deceived by quacks, with their *imitations* and *counterfeits*; buy none but the *genuine* and *original*; which is signed I. BUTTS on the wrapper.

DR. CORBETT'S Concentrated Syrup of Sarsaparilla.—The Ruling Medicine of the Day.—Thus writes L. W. Wright, Esq., the well known, efficient and gentlemanly Conductor on the Concord Railroad.

Boston, Feb. 21, 1849.

Messrs. Edward Brinly & Co.

Gentlemen:—In March last, 1848, I was prostrated for several weeks with an Inflammatory brain fever, which left me in a weak and feeble state.

A friend advised me to try a bottle of "Corbett's Concentrated Shaker Sarsaparilla," which I did, with the happiest results. Before I had completed the first bottle, I was conscious of a decided improvement, both in strength and my general health. I have since used several additional bottles, until my health is better, and my constitution apparently stronger than it has been before for years. To those similar afflicted as myself, and indeed to all troubled with constitutional debility, loss of appetite, or impure blood, whether proceeded by natural disease or otherwise, I can cheerfully recommend the Shaker Sarsaparilla, as in my opinion it is the most effective and health-restoring medicine known. Yours truly,
L. W. WRIGHT,
Conductor on the Concord Railroad.

DR. CORBETT'S SYRUP OF SARSAPARILLA

EFFECTS WONDERS!

Read this remarkable case of JOHN DAVIS, *Sexton of Rev. Edward T. Taylor's Church, Boston.*

I, the undersigned, Sexton of the Church of that good man, Father Taylor, state the following facts, which I think should be told a world. I was born in Portugal, and am now forty years of age. My parents were healthy, and I was not afflicted by any disease until the year 1845. I was then residing in Boston. At that time my skin became subject to a humor, which at last was so bad as to alarm myself and friends. Severe sores and abscesses developed themselves: Large scars are now deeply imprinted on my forehead and other parts of my body, and by their excoriation indicated even into the bone. About twelve months since my afflictions seemed increasing.—Deep seated sores of the fouler character broke out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my daily bread.—Failing of receiving any benefit from physicians who prescribed for me, I resorted to the use of various Sarsaparilla compounds, as advertised, but with no benefit. The able and distinguished surgeon and physician, James Ayer, M. D., Hanover street, who had watched my case, at last advised my using Corbett's Shaker Sarsaparilla.

I am happy now to state that my general health is fast improving, the scrofulous developments on my head, arms and face quietly passing away, and not until this moment have I had any hope of rescue from the grave. To Corbett's Sarsaparilla do I alone attribute this amendment, as not until I had adopted its use, (and this in small quantities,) have I for four years found any relief from suffering. JOHN DAVIS.

THE AGE OF IMPROVEMENT.—One of the most important discoveries of the age, in ameliorating the condition of this large class of suffering humanity, Consumptives, is Dr. Wistar's Balsam of Wild Cherry. What time establishes and consecrates, what experience adopts and affirms, what all men in all places unite in saying is good and valuable, is so, no doubt. A popularity of this sort fixes in society its roots so deep and strong, that time cannot destroy it. The success which has attended this medicine for several years past, has overcome the prejudices of all respectable and sensible men, and the article has taken its stand among the first class discoveries and blessings of the age; and when resorted to in season, eradicates the disease for which it is recommended.

Dr. H. Macnair, of Tarboro, North Carolina, writes us under date of February 14, 1847, that he has used Dr. Wistar's Balsam of Wild Cherry in his practice the last eighteen months, and considers it the best preparation of the kind he ever saw, and knows of none so deserving the public patronage.

CONGRESS.

Washington, Thursday, March 21.

In the Senate, petitions were presented by Mr. Miller, asking Congress to provide a law whereby a trial by jury may be granted to fugitive slaves.

By Mr. Seward praying that slavery and the slave trade may be prohibited in the territories.

Both of the above were received without debate and laid upon the table.

Mr. Foote presented the Mississippi Legislative instructions to her Senators in relation to slavery.

Mr. Dickenson presented protests against the employment of chaplains in Congress.

The House met at 12 M., and after the usual opening business was gone through with, Mr. Bayley's resolution closing the debate upon the deficiency bill by two o'clock to-day.

The House then went into Committee of the Whole on the state of the Union, and the Senate's Brazil treaty bill was taken up and passed.

Mr. Hampton's amendment to the deficiency bill was taken up and discussed, Mr. Johnson, of Tennessee, opposing the appropriation of $10,000 instead of $6,000, for building a wing to the patent office.

Mr. Willis, in the Home Journal, gives the following pleasant anecdote of two notable persons.

In the sea of up-town excitements, this week, Mrs. Fanny Kemble is the "fin above water," and it may have the "grace of timeliness" if we mention, just now, the impression which this distinguished lady made upon Emerson. The Napoleon of phrases as our readers know, never sees a particular. He beholds a house in a brick, and defines nothing but by generalization. He would address a mean man as Paltry-dom, and a great man as Godiatom. When Mrs. Fanny Kemble was presented to him, he listened to her, and looked at her for a while, and then, relinquishing her to a third person, he stepped aside, and exclaimed breathlessly, to a friend: "what quantity!"

Horrible Revenge.—*Skinning a Man Alive.* The Galena Jeffersonian says, among the overland emigrants for California last spring was Mr Green, of 'Green's Woollen Factory,' Fox River, and two of his sons, the youngest a youth. It is reported that while passing through a tribe of Indians, this young man, naturally full of mischief, killed a squaw.

The tribe having become well advised of the fact, hastened after the company and demanded the murderer.—At first the demand was resisted; but after the Indians had informed them that they would destroy the company if their request was not granted, the youth was surrendered into their hands. They then stripped him, and in the presence of his father and the whole company, they *skinned him from his head to his heels.* He lived four hours after he was thus flayed.

Great Funeral Pageant.—Foreign papers state at the funeral of the Danish poet, Oehlenschlager, who expired lately of apoplexy, in the eighty-first year of his age, upwards of twenty thousand persons were present.—The streets through which the procession passed were strewed with sand and green boughs, and the houses hung out black flags hemmed with silver.

Definition of Dogmatism.—"Robert, my dear," said Jenny, with the deferential air of a scholar, "Robert, what did Mr. Carraways mean when he said he hated dog—dogmatism?"—Topps was puzzled.

"Robert, my dear," Jenny urged, "what—what in the world is dogmatism?"

Now it was the weakness of Topps never to confess ignorance of any thing soever to his wife. "A man should never do it." Topps had been known in a convivial season to declare, "it makes 'em conceited." Whereupon Topps prepared himself, as was his wont, to make a solemn, satisfying answer. Taking off his hat and smoothing the wrinkles of his brow, Topps said, "Humph! what is dogmatism? Why, it is this, of course; dogmatism is puppyism come to its full growth."

A negro woman was relating her experience to a gaping congregation of her own color, among other things she said she had been in heaven. One of the brethren asked her—"Sister you see any black folks in heaven?" She replied, "Oh, go away Jim, you fool; don't put a body out—s'pose I go in de kitchen when I was dar?"

The Daily News.

NEWPORT.

BY CRANSTON & NORMAN,
127 Thames Street.

SATURDAY MORNING, MARCH 23, 1850.

WHIG NOMINATIONS,

FOR GOVERNOR,
HENRY B. ANTHONY,
of Providence.

FOR LIEUT. GOVERNOR,
THOMAS WHIPPLE,
of Coventry.

FOR SECRETARY OF STATE,
CHRISTOPHER E. ROBBINS,
of Providence.

FOR ATTORNEY GENERAL,
JOSEPH M. BLAKE,
of Bristol.

FOR GENERAL TREASURER,
STEPHEN CAHOONE,
of Newport.

☞The trial of Professor Webster is progressing much more rapidly than it was anticipated it possibly could, owing to the very general excitement on the subject, and the probable formation of opinions by the public. The testimony which has been produced thus far does not sustain the ground assumed by the Attorney General in his opening argument; and we are clearly of the opinion that the Prosecution will fail in making out a case upon which the Jury can render a verdict of guilty with any probable degree of safety. Of course, they cannot move one jot towards such a conclusion until the remains found in the Medical College in Grove street are clearly identified, or, at least, with a marked degree of probability, as those of the late Dr. Parkman. Robert G. Shaw, Esq., the brother-in-law of the deceased, and who knew him as intimately as any other man, has failed to prove these to be the remains; on the contrary, he states that from an examination of them, he should not have supposed such a thing had Dr. Parkman not been missing. This clearly shows that there is nothing about these bones by which they can be claimed as Dr. Parkman's, with the least degree of accuracy. And if Mr. Shaw cannot indentify them, it is hardly to be presumed that a less intimate connection can do it. Until this is done, all the testimony will amount to but little, as, in law, the *corpus delicti* must be proved, as it is utterly impossible to render a verdict of guilty, however strong the other testimony may be. We have been of the opinion, from the first, that the Government would fail in this particular, and hence we have before expressed the belief that Professor Webster would be acquitted: not that we have ever contended for his innocence, because we have never expressed an opinion on the subject,—but simply on the ground that the proof of identification would be insufficient, in law, to warrant a conviction.

It is one of the most exciting criminal cases which has ever been tried in this country, and whatever may be the result, one thing is certain, there will be a full and impartial investigation of all the circumstances in the case, and equal justice will be administered to all concerned, as far as human laws can render it.

Since the above was written, the testimony of Dr. Keep, the Dentist who made Dr. Parkman's teeth, has been given, and he is very positive that the teeth found in the grate of Professor Webster's room, at the Medical College, are those which he made for Dr Parkman. This, however, by itself, and without further identification of other portions of the body, would hardly warrant a Jury in rendering a verdict of Guilty.

☞An adjourned meeting of the Whigs of this town, was held at the Town Hall last evening, to make arrangements for the Spring election.

On motion of Joseph B. Weaver, Esq., a Committee of five was chosen, to select a Nominating Committee. The following gentlemen were chosen:—George H. Norman, William Gilpin. Benjamin Marsh, David M. Coggeshall, and Oliver Read. The Committee retired, and, after deliberation, reported the following named gentlemen for the Nominating Committee:—First Ward, Benj. I Lawton, George H. Norman; Second Ward, W. Tew Tilley, W. Gilpin; Third Ward, B H. Ailman, Francis Lawton; Fourth Ward, Joseph Lean, Joseph Padlock, Jr.; Fifth Ward, Oliver Read, Silas H. Cottrell. The Committee were authorized to fill any vacancies that might occur in their number.

It was understood, that the Committee would call the meeting together again, whenever they were ready to report.

☞We are indebted to the Hon. George G. King for a copy of Mr. Webster's late Speech.

☞We learn that the Boatmen at the Custom House, at this port, have been reinstated.

Mr. Webster, it is said, will shortly make a visit to Boston, and will embrace the occasion to defend in Faneuil Hall the positions assumed by him in his recent Speech in the Senate of the U. S.

Valuable Books at Auction.—We call the attention of our readers to the extensive sale of seven hundred volumes of rare and valuable Books, this afternoon, at the store recently occupied by the late John H. Barber, Esq. In this collection are many ancient works which cannot probably be found elsewhere; and those who are curious in such matters, or who desire to obtain books which they cannot find elsewhere, should by all means attend this sale. These books have been collected, from time to time, not only by the late Mr. Barber, but by his ancestors also; and they comprise many volumes of great worth to the antiquarian and scholar. The books will all be sold, without reservation, and the opportunity is one which does not often occur in this or any other community, for the collection of ancient and valuable books. See advertisement in another column.

PROFESSOR WEBSTER'S TRIAL.

Dr. Winslow Lewis, Jr., described the bones found: there was a piece of jaw found towards the bottom of the furnace—it was artificial—it was one piece; found it about two-thirds of the way from the top; the depth of the contents of the furnace was about one foot; the bones were picked out of the ashes—were preserved at that time; they were delivered to the chemists and medical men, to take such parts as they chose to examine; a large bunch of teeth fell through the grate in removing the contents of the furnace.

Cross-Examined:—How were the bones? Mixed with cinders, adhering to the furnace; noticed the bones in the cinders at the time of breaking them off.—Officers Fuller, Rice and Frejholm, were among those who had charge of the building Friday night. When I said bunch of teeth I meant the block; there were two or three single teeth found.

Dr. Woodbury Strong testified, that he once burnt the remains of a subject he had dissected—he burnt it in a large fire-place with wood; it took all night, and yet the body was not burned; it had much fat which assisted the fire; but the muscle could not be put on too fast without putting out the fire; it requires a wood fire and a good deal of it; he regards the burning of a human body as a difficult operation; knew Dr. Parkman well; was for some years his physician; saw him on Friday, November 23d, about half-past 12 o'clock near the junction of Belknap and Beacon streets; saw the body found in the College; it had been opened as no one would be likely to do it, who had not seen post mortem examinations. He had heard it said, that there was a perforation made by a knife, and he resolved to examine for himself; this he did and found corresponding to the direction of the cut, what seemed to be the mark of a very sharp knife indeed, to make such a cut upon a dead body, because the flesh would have lost its elasticity, and would yield too much; when there is life the flesh rather hugs the knife, and permits it to cut. There was a peculiarity of body; it was narrower across the shoulders than across the hips, the body was very straight up and down. Had noticed the same thing in the body of Dr. Parkman; always takes notice of defects in forms, and can judge of the general form, though not so easy as the naked form; Dr. Parkman was peculiar, and therefore noticed him the more.

Dr. F. Ainsworth, demonstrator of anatomy in the College, testified that the remains had never been sent to the College for dissection; all subjects sent for dissection are injected with fluid to preserve them from decomposition; uses a solution of arsenical acid, or chloride of zinc, with a saturated solution of alum and saltpetre.

Dr. Webster has no connection with the Anatomical department. His impression was that the person who cut up those remains had no anatomical knowledge. The person who did it might have seen a body cut up, but should doubt whether he ever took a knife in his hand to do it.

The Nashville Convention in Peril.—The National Intelligencer of yesterday says that Monday, the 4th inst, being the day appointed by the Legislature of Texas for the election, by vote of the people, of delegates to represent Texas in the Nashville convention—the Legislature having recommended four candidates for each of the Congressional districts—resulted as follow:

By Galveston papers on the 8th instant we learn not a vote was given for the Convention in that city or county. Although the municipal elections were held on the day named for the election of delegates, "no one (says the Civilian) took the least notice of the assumption and folly by a portion of members of the Legislature in regard to this matter." At Houston the people took a vote for and against the Convention, which resulted in 7 votes for it and 165 against it. In Harris county out of 302 votes polled on the question, the delegates to the convention received only four votes; six other votes were given for the convention without naming delegates; and the remaining 295 votes were, "No convention, no Disunion!"

We have reports from no other counties. The Galveston Journal remarks that it has "no doubt that the recommendation, law, or whatever else it may be termed, passed by the Legislature relative to the matter, will meet with just such a merited rebuke throughout the entire state."

Boston, Thursday, March 21,
12 1-2 P. M.

The upper part of the Tremont House was discovered to be on fire this forenoon, by one of the female servants, in the attic, but whether it was occasioned by a spark lighting on the roof, or from an accident in the drying room, could not, when your correspondent visited the premises, be determined.

The women gave the alarm as soon as possible, but in the space of a few minutes the whole attic was on fire, and smoke was discovered ascending from the whole roof, from the Tremont street front to the back part of the building on Tremont place.—The greatest consternation and excitement prevailed among the numerous inmates of this large hotel, covering almost an entire square of building, and filled probably by hundreds of boarders.

Some ladies fainted on the first alarm, and were obliged to be conveyed from the upper to the lower rooms being filled with smoke, the floors covered with water, and streams of water running down the stairways to the basement, very little if any furniture could be removed without injury.

1 P. M.—The fire has up to this time been nearly suppressed where it first broke out on the south wing, but it has just burst out afresh on the front part of the building.

The firemen are using tremendous exertions to save the building. When the fact that the Tremont House was on fire was made known in the Court, the trial was adjourned, to allow the Attorney General, whose rooms were in the part of the building that was burning, to tend to the removal of his effects. Shortly afterward the Court renewed its sitting, and the case is now proceeding.

Since the above was in type, we find the following in the Atlas, of yesterday:—

Yesterday, shortly before 12 o'clock, a fire was discovered in the attic of the southern wing of the Tremont House, in which was stored considerable furniture, mattrasses and other articles, and it was not subdued until a greater portion of its contents and nearly the whole of the roof of the wing were destroyed. The damage caused to the rooms and furniture in that portion of the house was large, in consequence of the great quantity of water poured in upon the fire. The origin of the fire is not definitely known, but it is supposed to have originated from a defect in the flue in one of the chambers of the upper story, and spread from thence up between the ceiling and the outer wall, to the attic. The damage to the furniture and the house is estimated at $12,000 to $15,000. Messrs. Tucker & Parker, the lessees, are insured for $30,000 on their furniture, &c. at the American, Franklin, and Suffolk offices.—The building, we understand, is also insured. The main front on Tremont street, and the northerly wing, on Beacon street, are uninjured, and the old Tremont's doors are still open to travellers. Measures have been taken to immediately repair the injuries.

Harrisburg, March 20 1850.

The Middleton case came before the Senate this afternoon, and the divorce was refused, by a vote of twenty-five to seven. This, I suppose is the last we shall hear of this celebrated case for some time.

WISTAR'S BALSAM
AT THE SOUTH.

One of our agents at Athens, Georgia, has sent us the following letter, with permission to publish the same.

TRUTH IS MIGHTY AND WILL PREVAIL.

Athens, August 21, 1846.

Dear Sir:—Having been afflicted for more than ten months with Chronic Inflammation of the Lungs, at times very severely, and having adopted many medicines without any but temporary relief, I purchased about three bottles of Wistar's Balsam of Wild Cherry, from the effects of which I obtained more relief than from all the medicines I had ever taken for that distressing disorder. I have by the repeated use of this valuable Balsam, been more free from pressure for breath and oppression on the lungs than I had anticipated—and, indeed, conceive that I will be cured by continuing its use, of this most disheartening malady. I do most cheerfully tender you this acknowledgement, which you will use as your judgment dictates.

WONDERFUL EFFICACY OF DR. CORBETT'S
HIGHLY CONCENTRATED
SYRUP OF SARSAPARILLA.
Further evidence as to its Virtues.

To Messrs. E. Brinley & Co.

Gentlemen:—Some time since you kindly sent me a few bottles of Dr. Corbett's Shaker Sarsaparilla, believing, as you said, it might help me, my Blood being out of order, and my Stomach annoyed by dyspeptical complaints. As I had long tried using other Sarsaparilla Compounds with injury rather than benefit, and having tried various remedies with no help whatsoever, I felt unwilling to attempt anything further. But relying on the distinguished names of Physicians attached to the medicine, I began the use of one bottle. Using it only in small doses, I found my stomach gradually regaining its tone. After a steady and uniform use of it for some months, I found my whole system thoroughly changed. My appetite was restored; my Blood clear, active and pure, and health once more afforded me. Some of my friends most painfully afflicted with diseases of the Skin, Liver Obstruction, and who are of strong Consumptive habit, are now using this wonderful medicine with most astonishing efficacy. In my own case, I am happy to state the cure was complete beyond my best anticipations.
Very gratefully, your obliged friend,

PEOPLE'S MUTUAL
FIRE INSURANCE COMPANY,
Worcester, Mass.

THIS Company commenced operations in May, 1847, and has received so liberal a patronage, that it has obtained a permanent character for prudent management, not surpassed by any Company in the Commonwealth, taking so great a variety of safe risks.

The Directors feel justified in recommending this Institution to the favorable consideration of the public, pledging themselves that every effort shall be made on their part, to continue its prosperity, and furnish such a security against loss by fire, as shall remove all anxiety on the part of those insured.

They have an Agent for the State of Rhode Island, who is thoroughly acquainted with the principles of Insurance. They also employ a General Agent, whose duty it is to examine and inquire into the nature of the risks taken, and when there is any defect in the building or carelessness on the part of the Insured, to report the same to the Board of Directors.

They effect Insurance on all kinds of Buildings, except those of an extra hazardous character.—Also, upon Neat Stock, Hay and Grain, Household Furniture, Provisions, Wearing Apparel, Libraries and Merchandise generally, and also upon all kinds of Manufactured Articles and Stock in the process of Manufacture, excepting Stock in Cotton, Woolen and Paper Mills, or property alike hazardous, for any term of time not exceeding five years.

Their Rates of Premium are established upon a basis sufficiently guarded to avoid all Assessments. The Dividends have averaged 60 per cent on all Policies that have expired in this Company, and it is believed that still larger dividends will be made in future.

EDWARD HEMENWAY, President.
OLIVER HARRINGTON, Secretary.
Office, No. 3 Brinley Hall, opposite the American Temperance House.

JOHN ADAMS, Sole Agent for the State of Rhode Island, is prepared to effect Inurance at his Offices, No. 32 Westminster Street, Providence, and United States Hotel, Newport.

⁂ Persons wishing to effect Insurance, are respectfully requested to call and examine the basis on which this Institution is based, and avail themselves of its benefits.

N. B.—Mr. Adams will be at his Office in Newport, *Tuesday* and *Wednesday* of each week.

REVOLUTION

Not in France, but in the Candy Line.

WE intend doing a large business in the Confectionary trade, and are making preparations accordingly. Our Candies and Kettle Works cannot be surpassed in quality or price, by any other establishment in New England; and we promise all who patronize us in this branch of our business, a No. 1 article, at a very low price.

IMPORTANT TO CONSUMERS OF
PINE OIL, PATENT FLUID, AND PHOSGENE.

HAVING first introduced the above in this community, we are enabled, by early arrangements with the Patentees and Manufacturers, to supply such only as can be warranted genuine and of the first quality. We have on hand and for sale in any quantity, the following articles for producing *light*:—

1st. The genuine PINE OIL, for tube Lamps, for the sale of which, we are Sole Agents for this place; the best Oil in use, being clean and pure, and more durable than any of the Oils or Fluids. Mr. Geo. B. Knowles is authorized to sell the above.

2d. THE DOUBLE PINE OIL---a colourless liquid of great strength---an excellent substitute for Camphene, giving more light, and is also *cleaner* and *cheaper*.

3d. PORTER'S FLUID---the genuine kind---furnished to us by Mr. P. himself, the original Patentee; perfectly pure, colorless and safe.

4th. PHOSGENE GAS, producing an even and unvarying light of great beauty, resembling the gas of the cities.

All of the above, we warrant fully, and are ready to refund the money if they do not prove as warranted.

A great variety of Lamps on hand, for sale *cheap*. Solar, Argand, Astral and common tube Oil Lamps, altered to burn the above; prices ranging from 12 1-2 cts., up along.

THE UNION
MUTUAL FIRE INSURANCE CO.,
Concord, N. H.

THIS Company was chartered in June, 1848, and went into operation in October following: since which, it has issued 3645 Policies, covering by Insurance more than two and a half millions of property. The whole amount of property now at risk is $2,457,000.

The aggregate Capital of the Company amounts to
$250,000.

In accordance with the provisions of their Charter, the Directors have divided the property at risk into the following Four Classes—each being liable for its own losses.

THE FARMERS' CLASS, which insures for six years, is composed entirely of Farmers' property, on which they have now insured $486,000.

VILLAGE CLASS, insures safe property in Towns and Villages, such as Dwelling Houses, their contents, out buildings, &c., for six years.—The amount now at risk in this class is $605,000.

MERCANTILE CLASS, insures for three years, and is constituted of Stores, Merchandize, Public Houses, Churches, Printing Offices, &c. The amount of property now at risk in this class is $756,000.

MANUFACTURERS' CLASS. This Class is composed of most kinds of hazardous property, with the exception of steam risks—in which the amount insured is $610,000.

The Company have, thus far, been very fortunate; the whole aggregate of losses in the three first classes combined, does not amount to $2,000 since the Company went into operation. They are now, and have been for several months past, issuing at the rate of 5000 Policies per annum.—Their capital is consequently rapidly increasing, and the Directors with confidence commend the Company to the public, as a medium of Insurance founded upon the most equitable principles and promising the most favorable results.

The above report was made the first of January, since which time, a large number of Policies have been issued.

DIRECTORS.—J. A. Potter, Asa Fowler, N. S. Chandler, T. P. Treadwell, A. Baker, John Gass, N. B. Baker, Zenas Clement, A. Bean, B. W. Sanborn, George Porter, Cyrus Barton, Asa McFarland, B. P. Page.
J. A. POTTER, President.
L. E. Lang, Secretary.

JOHN ADAMS, Agent; Office at the *United States Hotel*, Newport, and 32 Westminster street, Providence.

N. B. Mr. Adams will be at his Office in Newport, *Tuesday* and *Wednesday* of each week.

FACTS TO BE REMEMBERED.

CONSUMERS of PATENT OIL, PINE OIL, BURNING FLUID and CAMPHENE, will find it to their interest to call on the undersigned before purchasing elsewhere, for three simple reasons—

1st. Because we always have on hand and are daily selling, large quantities of the only PATENT OIL for tube Lamps, that is sold in Newport—for the sale of which, we are the only *Agent*, and which is, beyond all doubt, the best article for *Family* use ever introduced, for a brilliant and Cheap Light. It burns free and brilliant—free from grease, smoke or smell, and will not congeal or explode, and is sold at 70 cts. per gallon.

2d. THE PINE OIL and BURNING FLUID furnished me by the largest and most extensive Manufacturers in New York and Boston, enable me to *warrant* it as being *pure* and *genuine*. Every one speaks of it in the most flattering manner, as being a cheap and clean light, and is sold at 70 cts. per gallon; and the Pine Oil, for burning in Williams's Parlor Lamps, for 60 cts. per gallon.

3d. Though last not least of all, comes RIDER'S DOUBLE REFINED CAMPHENE, which is acknowledged by all, to be the best and cheapest article for light. It has stood the test of this community for the last six years, notwithstanding the many attempts to crush it, by introducing an inferior article from New York and Boston. The superior advantage ours has over *foreign Camphene* is, that we distill it fresh twice a week, and consequently it will not smoke or crust the wick, like an article bought from abroad. Thus, we furnish the public with an article from which they can obtain any quantity of light, (equal to City Gas,) at one-third of the expense, at the same time safe, clean, and free from smoke or smell.—All the above are FACTS, for which we hold ourselves responsible to the letter, or we forfeit our trade, our reputation, and our sacred HONOR.

Also, Lamps of every description for burning the above, for which we are Agent for the Manufacturers, and will sell at their prices. Wicking, Tubes, Cans, &c. &c.; and, in fact, we keep POSTED, close up, in every particular respecting the Cheap Light system. Therefore, we say to every one that desires a brilliant and economical Light, to call on the subscriber before purchasing elsewhere.

THE undersigned, having purchased the entire interest of Silas Ward, dec., in the SOAP and CANDLE FACTORY, would give notice to their friends and the public generally, that they will continue to carry on the business at the old stand, No. 6 Sherman street, where they will be glad to serve their friends and the public generally, with good articles, and at as reasonable prices as can be found elsewhere.

Mar18 WM. G. & GEO. S. WARD.

SAVE YOUR MONEY.

VERILY, THIS IS THE AGE OF HUMBUG!

TO CONSUMERS OF FLUIDS, PATENT OILS, CAMPHENE, &c.

HOW easy it is, and still more silly, for a person to sit down and write an advertisement praising every or any article that they may happen to have to sell, and running down that of their neighbors, which they know to be quite as good as their own, and, in many cases, better. But such is characteristic of the age we live in. But the public has been so gassed up of late, with these flaming, bombastic advertisements, that they now know just what weight to attach to them. We believe that advertising, when not abused, to be a benefit to all, but, like many other things, it must be overdone with

Gas! Gas!! Gas!!!

We would say to all, use your own judgment—it is the only alternative.

I have the following articles, which is the best, cheapest and cleanest, of any Oils or Fluids now used, for producing a brilliant light:

Burning Fluid, - -	70 cts. per gall.
Pine Oil, - - - -	70 " "
Camphene, - - - -	60 " "
Phosgene, - - - -	70 " "
Patent Fluid, - -	70 " "
Williams's Pine Oil, -	60 " "
Double Pine Oil, - -	60 " "

And all the other Oils. We are daily receiving fresh supplies of the above kinds of Oils and Fluids, from the largest Manufacturers in the country, and we defy all competition in prices or quality. We expect that others have as good an article as ours, but we know that none have a better or a cheaper. Never, in one instance, has there been a complaint brought against it, and not one family that has given it a trial, but what continues to use it in preference to all others.

Also, Lamps of every description, for burning the above, for which, I am Agent for the Manufacturers, and will sell at their prices. Wickings, Tubes, Cans, &c., &c., and every article ever called for, kept in a Lamp store; and we advise all that desire a brilliant and economical Light, to give us a call, and they will find us ever ready to fulfil our promises to the letter.

REMOVAL!

WE would respectfully inform our Customers and the Public, that we have removed from our old stand, to No. 249 WASHINGTON STREET, (between the Marlboro' Hotel and Winter st.)

Having now one of the Largest Stores in the City, we shall be enabled to show a more extensive stock of RICH SILKS, LONG & SQUARE SHAWLS, and DRESS GOODS, than we have ever before offered. We have now received a large part of our *Spring and Summer Goods*, and shall continue to receive New Goods by every arrival of every French and English steamer throughout the season.

We shall continue to keep every article wanted in families,—Linens, Quilts, Blankets, Cottons, Towels,—HOUSEKEEPING ARTICLES, and Mourning Goods.

As we import part of our Stock, and are ready to take advantage of the New York auctions, when Goods are sacrificed, we feel that we can always offer our Goods at as Low Prices as can be obtained elsewhere UNDER ANY CIRCUMSTANCES.

THE ONE PRICE SYSTEM will be strictly adhered to, as many years' experience has satisfied us that it is the fairest, and therefore most satisfactory to purchasers.

We hope, by constant personal attention to business, to merit the patronage we have received at our Old Stand.

PROFESSOR BARRY'S TRICOPHEROUS or Compound. When Theory and experiment authenticate each other, there can be no mistake. This is the case as regards BARRY'S Tricopherous. The theory of its operation is this: That it is imbibed by the absorbents and injected through the superficial vessels, promoting the growth, beauty and health of the Hair when applied to the scalp, and dissipating inflammation of every kind, (whether caused by disease or accidental,) when applied to the pimpled, blotched, tumorous, punctured, cut, bruised, scalded or in any way irritated skin. It is also assumed that it acts upon the pores, those ventilators and escape pipes of this system, and assists to dispel the noxious elements of disease through these important channels. So much for Theory. Experiment proves that the article is an invaluable remedy for all external hurts and diseases, and that as a preparation for renewing the vegetative power of the hair, giving it a rich metallic lustre, rendering it elastic and curly, and removing scurf and dandruff it has no equal either in Europe or America, while in cheapness it certainly stands alone. Sold in large bottles, Price 25 Cents, at the principal office, 137 Broadway, New York.—Also by the principal merchants and druggists in the United States and Canada,

DR. S. P. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.

ORIGINAL AND GENUINE.

SIXTY DRUGGISTS!

An advertisement appeared in several of the papers, headed "Sixty Druggists." This advertisement is signed by a number of men who keep small retail drug shops in the back streets of the city, and are no Druggists or Physicians. The advertisement was put in by a lot of unprincipled men under the name of Thompson, Skillman & Co., who hired an old man by the name of Jacob Townsend, last fall, to put up a stuff which they endeavor to palm off upon the public as the genuine and original Dr. Townsend's Sarsaparilla. Skillman & Co. have avowed that it was their intention to take advantage of Dr. S. P. Townsend's extensive advertising, which has cost him over $370,000, and the popularity of the name of his medicine, to sell theirs. The advertisement signed by these shopkeepers, and put in the papers by Thompson Skillman & Co., would lead people to believe that our Sarsaparilla sours, &c., which is false. These men have not, to our knowledge ever purchased any Sarsaparilla of us, and know nothing of its merits, very few of them being able to spare sufficient amount of money to purchase a dozen. The majority of them have applied to us for agency, which we refused. At least one of these men has been in the

STATE PRISON,

for forging a draft or note on the Chemical Bank; we know nothing of the character of the others—but if they sell any Sarsaparilla for the original and genuine Dr. Townsend's Sarsaparilla which is not signed by S. P. Townsend, they would commit any fraud.

Swindlers.

Druggists or others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles their customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

WHOLESALE DRUGGISTS.

Below will be found the cards of three of the first wholesale druggists in the city. These three have purchased $50,000 worth of Dr. S. P. Townsend within the last four years. We have sold it by the hundred dozen to many others—we keep it through all seasons in South America, New Orleans, Havana, &c., and there charges that our Sarsaparilla sours and foments is as foul as their other libels.

Read the following:

New York, May 21, 1849.

This is to certify that our house has within the last five years purchased over twenty-five thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla. It is an article that commands an unprecedented sale, and as far as we know, gives universal satisfaction. It does not foment and break the bottles as has been alleged.

NORTON & BABCOCK,
No. 130 Maiden Lane and 20 Fletcher street.

New York, May 21, 1849.

To whom it may concern: This is to certify that I have purchased of Dr. S. P. Townsend about ten thousand dollars worth of his Sarsaparilla. It is by far the most popular medicine I ever knew and gives universal satisfaction. I have no difficulty with its fomenting or souring.

THOMAS W. CUMMING,
Wholesale Druggist, 178 Greenwich street.

New York, May 21, 1849.

This is to certify that we have purchased over ten thousand dollars worth of Dr. S. P. Townsend's Sarsaparilla within the last five years. The medicine is very popular and has become an article of commerce. We find no trouble with its souring or fomenting.

BOYD & PAUL, No. 4 Liberty street.

Dr. S. P. Townsend, wishes the Public to understand that he is no connection of old Jacob Townsend whatever, and never saw him but once that he is aware of, and that was on an occasion of his calling at his house to sell some pamphlets and cheap publications.

CONSUMPTION CURED!
Cleanse and Strengthen.
CONSUMPTION CAN BE CURED.

Bronchitis, Consumption, Liver Complaints, Colds, Coughs, Catarrh, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

In the last stages of Consumption.

The following Certificates are selected from a large number received. The first was kindly forwarded to us by Dr. Colwell, a respectable physician of extensive practice at Oswego, New York. He writes that the Sarsaparilla has performed many cures, and the better it is known, the more it is appreciated. His letter can be seen at the office, if any wish to see it.

East Oswego, Dec. 6, 1847.

Dr. Colwell:

Dear Sir—This is to certify that I have been sick a number of years with the Consumption, and that the past summer I was so low that my friends thought I could not live but a very short time, and by your advice, thinking there was yet a hope left, I commenced taking Dr. S. P. Townsend's Sarsaparilla, which soon gave me relief. I grew better fast while taking the Sarsaparilla, and am now able to be about the house and do some work. I owe my recovery, thus far, to the above medicine, and believe that it saved me from the grave. If you choose, you may forward this statement to Dr. S. P. Townsend.

MRS. MARGARET ARMSTRONG.

We, the undersigned, are acquainted with Mrs. Armstrong, and know the above to be true.

Sarah Jane Henderson,—Elizabeth Hadley,—Elizabeth Bartholomew,—Mary Coon.

Curious Case of Consumption.

There is scarcely a day passes but that there are a number of Cases of Consumption reported as cured by the use of Dr. S. P. Townsend's Sarsaparilla. The following was recently received:

Dr. S. P. Townsend—Dear Sir: For the last three years I have been afflicted with General Debility and Nervous Consumption of the last stage, and did not expect to regain my health at all. After going through a course of medicine under the care of some of the most distinguished regular physicians and members of the Board of Health in New York and elsewhere, and spending the most of my earnings in attempting to regain my health, and after reading in some paper of your Sarsaparilla, I resolved to try it. After using six bottles, I found it done me great good, and I called to see you at your office. With your advice I kept on, and do most heartily thank you for your advice. I persevered in taking the Sarsaparilla and have been able to attend to my usual labors for the last four months—and I hope, by the blessing of God and your Sarsaparilla, to continue my health. It helped me beyond the expectations of all that knew my case.

CHARLES QUIMBY.

CYRUS BALDWIN, Justice of the Peace.

WONDERFUL CURE.

Her blood was like water, could not speak, bled at the Lungs, severe pain in the Chest and about the Heart, raising in the Throat. Read the advertisement, and doubt if you can that Consumption is incurable:

New York, Dec 14, 1847.

Dr. S. P. Townsend—Sir: Last New Year's day I received as a present two bottles of your Sarsaparilla; for four years previous to this I was very ill, and had not strength to be about the house. I applied to Physicians and could obtain no relief, and at the time I commenced taking your Sarsaparilla, I had almost despaired of getting any better. The blood in my veins was like water. I bled very much at the lungs, I had severe pains in my chest and heart, and was troubled at times with something rising in my throat, so that it was impossible to speak. I discovered a change for the better in my health on taking one bottle of your Sarsaparilla, and in two weeks was able to be up about half an hour at a time, and persevered in taking your Sarsaparilla. In four weeks I was able to go about the house, and have been ever since remarkably strong, and attribute my recovery of my health entirely to your Sarsaparilla. If this statement will be the means of directing others similarly afflicted to your valuable Sarsaparilla, you are welcome to make it known.

Your's respectfully,
EMMA SUMNER, 70 Vandam street.

Dr. S. P. Townsend's Principal Office has been removed from 126 Fulton, to 82 Nassau street, in the building formerly occupied by the South Baptist Church.

FITS, FITS, FITS.

Messrs. J. K. LIPPENCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pa.,* [illegible] wrote to us, May 12, 1849, [illegible] [illegible] [illegible] which had [illegible] [illegible] of BRANT'S PULMONARY BALSAM, that one of their customers [illegible] just informed them that her child, which had been *subject to FITS for several years,* was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, [illegible] *Pierpont Centre, Ashtabula county, Ohio,* wrote [illegible] *BRANT'S INDIAN PULMONARY BALSAM* [illegible] [illegible] Mr. WILLIAM CROCKET, [illegible] [illegible] town. He said Mr. Crocket had been [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] *Consumption* [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] given up by his physicians and all friends, as one that would soon be *in a grave.* But even in this last extremity, [illegible] [illegible] [illegible] [illegible] [illegible] the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has rebuked the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, vigorous man!*

S. H. DANN, Esq., *merchant and postmaster at Jefferson,* an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. Crocket, and testified to his cure, as all the above named *facts.*

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Owego, Tioga Co., N. Y.,* respectable druggists, wrote to us, "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption,* which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Paterson, in this county. She had been [illegible] [illegible] [illegible] [illegible] [illegible] friends believed it impossible for her to *live more than ONE DAY LONGER.* But, when all other hope utterly failed, she commenced taking BRANT'S PULMONARY BALSAM, and its soothing effects was [illegible] [illegible] [illegible] [illegible] [illegible] *and attending to her domestic* [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness, and her [illegible] neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.,* say that BRANT'S BALSAM had effected cures of such hopeless cases of *Consumption* in their town, that now no other cough medicine could be sold there; that it *has raised some of them from the grave*—some that physicians and all the friends [illegible] MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it was useless to take any more medicine. *He then, when no hope was left,* began to take BRANT'S BALSAM—got well—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, [illegible] *Wayne county, N. Y.,* wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at [illegible], and said: "If the statements of some of our most respectable people, [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] can be relied on, its medical virtues have cured a large number of persons, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, [illegible] [illegible] [illegible] cases; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH!"

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.,* wrote, August 29, 1849, that "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said must die. When he commenced taking Brant's Medicine, he could not [illegible] [illegible] [illegible] his bed; he bled at the lungs, and every [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] only *five bottles.* [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] *cure!*"

DOCTORS CALL IT WONDERFUL!

DOCT. IRA JOHNSON, *of Leroy, [illegible] Co., N. Y.,* wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed [illegible] *wonderful cures* of *Consumption* produced by its use, in Monticello, Sullivan Co., New York, about a year since, and have since [illegible] [illegible] that its great efficacy might become more generally known. The last summer [illegible] [illegible] [illegible] sick with Consumption, and I felt confident, from what I had known of the efficacy of BRANT'S BALSAM, that if I could procure it for him it would cure him, and as we could not find it in this county, I went to Sullivan county, [illegible] ninety miles, and purchased seven bottles, [illegible] [illegible] [illegible] [illegible] to [illegible]. One of my neighbors has been very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit the people have derived, and from my recommendation, [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] to write for more."

DR. CHRISTIE'S
GALVANIC BELT, BRACELET
NECKLACE
AND
MAGNETIC FLUID.
For the Removal and Permanent Cure of all
NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease,* for they weaken the vital energies of the already prostrated system, while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease by *outward application,* in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years [illegible] [illegible]

66,000 Persons

including all ages, classes and conditions, among which were a large number of Ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter [illegible] [illegible] [illegible] [illegible] most remarkable [illegible] [illegible] [illegible] [illegible] [illegible] is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished [illegible] [illegible] [illegible] [illegible] [illegible]

Sussex, New Jersey, [illegible] [illegible]

Dr. A. H. Christie—Dear Sir: You [illegible] [illegible] of me what has been the result in my experience of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been severely afflicted from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. [illegible] [illegible] [illegible] were skilful and excellent [illegible] [illegible] [illegible] [illegible] failed! About fourteen years since, in consequence of frequent exposure to the weather in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, [illegible] [illegible] [illegible] year, caused me indescribable anguish. In the [illegible] paroxysms, [illegible] [illegible] [illegible] afforded me great relief, [illegible] [illegible] [illegible] only temporary. Further [illegible] [illegible] [illegible] in consequence of preaching a great deal in my own and various other churches [illegible] [illegible] I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated,* and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of these labors in which my soul has ever found the highest of earthly joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and [illegible] [illegible] [illegible] [illegible] [illegible] the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June 1848. [illegible] I have permitted I could fill a sheet of paper with the details of particulars, but I have merely furnish this brief abstract. My Dyspepsia has been removed; my Rheumatism is [illegible] [illegible], and I have [illegible] [illegible] entirely [illegible] [illegible] [illegible] its hold upon my system, [illegible] I am [illegible] effect *entirely* cured. Such is the wonderful and happy result of the experiment.

I have [illegible] [illegible] of the BELT and FLUID to many who have been [illegible] [illegible] [illegible] [illegible] Neuralgic affections [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]

MORE CURES
EFFECTED BY DR. CORBETT'S SHAKER SYRUP OF SARSAPARILLA!

The following is from Jacob P. Eastman, of Concord, N. H., extensively known as an efficient Railroad Contractor and Builder, throughout the New England States.

Boston, March 8, 1849.

Messrs. E. Brinley & Co.

Gentlemen—Happy am I to inform you of the wonderful effects of Corbett's Sarsaparilla upon a little daughter of mine, who was poisoned, when at the age of about three years, by *cavin* [illegible]. Eruptions of the skin covered her whole body for more than twelve months, discharging the most offensive matter. We were compelled for months to oblige our little sufferer to wear mittens while in bed, and to adjust her night-dress by closing the openings at the hands and feet so as to prevent her from tearing her flesh. But even with these precautions, she would, at times, release her hands by gnawing her mittens about the finger ends, and then scratch and lacerate herself severely until the blood would flow.

She is now nearly restored to health, having used no other medicine for the last two years than "Corbett's Sarsaparilla." The effect of this powerful alterative is most signal, seeming to cleanse the whole system and eradicate all disease. The skin of our little girl is now fair as that of infancy, and her system rapidly changing from impurity and disease to perfect health, and this I know to be the result of the use of Corbett's Sarsaparilla only.

J. P. EASTMAN.

DR. WISTAR'S
BALSAM OF WILD CHERRY.

This celebrated and infallible remedy for the cure of Consumption, Asthma, and Liver Complaint, was discovered some ten years ago. Since that time it has, by its own merits, been rapidly, surely, and safely working its way through the opposition of quacks and counterfeiters, until by its true value, and intrinsic excellence, it has gained for itself a most enviable popularity and established itself in the confidence of an intelligent and enlightened public, from one end of the continent to the other. The testimony of thousands who have been relieved and cured by this valuable article, will show that it stands unrivalled—at the head of all other medicines for the cure of diseases for which it is recommended. The genuine Dr. Wistar's Balsam of Wild Cherry is now for sale by duly appointed Agents, and all respectable dealers in medicine, in all large cities and all important towns throughout the United States, Canadas, and British Provinces.

None genuine unless signed *I. BUTTS,* on the wrapper.

As the Spring returns guard your health by using

Dr. Corbett's Shaker' Compound Concentrated

SYRUP OF SARSAPARILLA.

This medicine has proved to be most valuable in the following diseases; Chronic Inflammation, Jaundice, Weakness of the digestive Organs, Dyspepsia or Indigestion and Sourness of the stomach. Rheumatism and Salt Rheum, Functional disorder of the Liver, Chronic Eruptions of the Skin, and all Scrofulous Diseases. Also it is found to be an invaluable remedy for the Erysipelas, and that distressing disorder, the Asthma. It has proved highly beneficial in some cases of Dropsy, Dysentery, Diarrhœa.

It will be found by observation that many of the above disorders, and also that fatal disease Phthisis Pulmonalis, or Consumption generally originate in a scrofulous state of the system; and to cure such diseases, we must remove the primary cause. It will likewise be found that diseases of the Liver often originate with persons of a scrofulous habit, and are called liver complaints; but it is a well established fact that before such liver complaints can be permanently cured this scrofulous diathesis must be removed.

That this is the effect of this Syrup, hundreds of the most competent judges, who have seen and felt the virtue of its sanative power can bear witness. It is a laxative, diuretic, tonic, and greatly alterative, and is prepared from the best and most virtuous alteratives of the vegetable kingdom, without the addition of any mineral substance whatever. It is a perfectly safe medicine, and may be taken at any time without regard to weather or exercise.

HOME TESTIMONY—ALWAYS THE BEST.

Dr. Corbett's Concentrated Syrup of SARSAPARILLA.

John Davis, the sexton of the church of that good man, "FATHER TAYLOR" thus writes us to the benefits he has received through the virtues of the Sarsaparilla

"The undersigned, Sexton of the Church of the Rev. Father Taylor, of Boston, states the following facts:—I was born at Portugal, and am now 40 years of age. My parents were healthy, and I was not afflicted by any disease until 1815. I was then residing in Boston. At that time my skin became subject to a humor, which was at last so bad as to alarm myself and friends—Severe Sores and Abscesses developed themselves. Large Scars are now deeply imprinted on my forehead and other parts of my body by their excoriation and indention even into the bone. About twelve months since my afflictions seemed increasing. Deep seated sores of the foulest character came out on my arms, my head, and even attacked my eyes. I became weak, emaciated, and unable to perform the duties of life for my 'daily bread.'

Failing to secure any benefit from Physicians who prescribed for me, I resorted to the use of various Sarsaparilla Compounds, but with no benefit. The able and distinguished Physician and Surgeon James Ayer, M. D. Hanover street, Boston who [illegible] [illegible] my case [illegible] advised my using Dr. Corbett's Sarsaparilla.

I am now happy to state that my general health is fast improving. The Scrofulous development on my head, arms and [illegible] are passing away, and not until this moment have I had any hope of a rescue from the grave. To Corbett's Sarsaparilla and Divine [illegible] I owe this amendment, as [illegible] [illegible] [illegible] [illegible] [illegible] (and this is more [illegible] [illegible] [illegible] [illegible] for four years found [illegible] [illegible] [illegible]."
